The Board met with Alison Watts, Jeff Feenstra and Ray Buxton to discuss the Stormwater management permit (MS4). At this point, there is no official obligation on the town so it would be beneficial to take advantage of opportunities and be pro-active: mapping of storm water out-falls into the river (Co-ed culvert) and the regular cleaning of the catch basins for storm water. With the support of the Selectmen and Planning Board, there may be possible grant money to help with the expense for future projects.

Kent Lawrence met with the Selectmen to discuss the additional maintenance hours to repair the front door of the Town Hall which was approved by the Board. Also, permission to store of the sound system in a locked closet (with an additional key for the Town Office) in the Town Hall backroom was granted.

At 7:45pm, Chris made a motion to adjourn the meeting. The motion was seconded by Jamie. The motion passed with all in favor.

Respectfully submitted,

Donna C. Newman
